Wow--look what Mom sent!

First graders singing on the last school day!

Teaching first graders has been a very worthwhile experience. It is so amazing to watch their little minds develop in nine months time. The first quarter was spent getting to know the alphabet and becoming familiar with the basics. From there, the rest of the year was used, Expanding those ideas taught with constant drill. We were blessed with an outstanding year as each child did their part to make our time together rewarding.

This year was truly a time of new experiences. I am thankful for the opportunity of learning to know these children and sharing many happy days. There were times I had to wonder who was learning more-----my students or their teacher. I am looking forward to a new role in life----but I'll always remember my year at Pathway School.

Go for it!!!!

As I reflect back on the past year, I think of the hard work not only in Lifepacs, but in time spent drilling our math facts, writing paragraphs, adverbs, and adjectives. Our fun times were spent touring the Turkey farm, McDonald's, Krogers, and Co Si. On Fridays, we enjoyed  $\frac{1}{2}$  hour "Continued Story Reading". I appreciate the effort each student made to make my first year as enjoyable as it was.

Another school year is now history, but many happy memories linger. It is so rewarding to see each child progress at their own rate of achievement. Several students completed more than one year's work. We are blessed indeed to be able to work together and enjoy the fellowship with one another in a controlled environment.

Only 4 at the scoring table!?

Being a child again???

Visiting or eating???

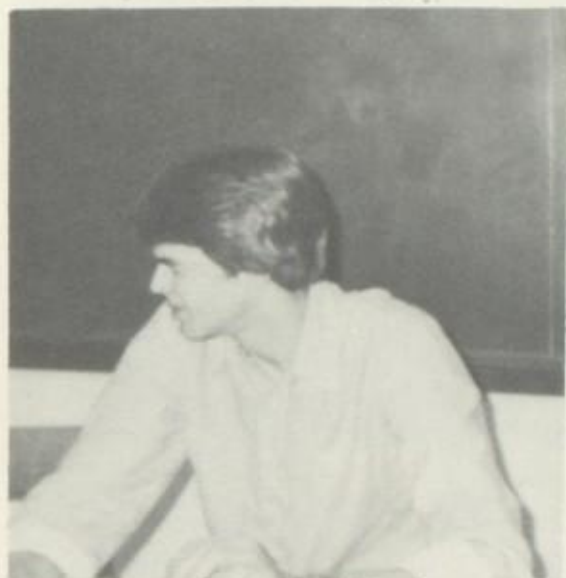

As we look back over this school year, there are many things we can reflect upon. We remember the field trips and the special programs by D P & L and The Fire Dept. Exciting things---like rubber spiders on the floor and a birthday cake for the teacher. We sang for fun and learned new songs. Some of us struggled to write required poems and stories and surprised ourselves at what we could do.

Others learned to give a good speech. All of us worked hard to complete our year's work, but what stands out the very best is the willingness of these students to do as asked by their teacher. May God Bless Each One!

Is it a model T or 280 Z?

In April, the whole school visited COSI. It was very educational and enjoyed by all. Mrs. Cool's section visited Friendly's, where we learned how to make icecream and even got a sample! The Miami County courthouse and the Safety Building were next. We heard a lecture on the Many different uses of these buildings. Next came a visit to Dettmer Hospital where we had a tour of the x-ray and laboratory departments. The day finished with lunch at McDonalds and a ballgame.

Miss Landes' class took a field trip to Landes Turkey Farm and Brukner Nature Center. At the farm, Judy Landes showed them the process of dressing turkeys from beginning to end. Brukner's was exciting! Everyone got to hold a snake! They took a hike on the trails while it drizzled rain. All the children enjoyed petting and observing the animals.

Making turkey rolls.

In the fall of the year, the first graders took a field trip to Donald Boyd's woods. The day turned out to be real enjoyable. After crossing the swinging bridge to the island, they ate their sack lunches, and then spent the afternoon in a nature study.

What did you say?

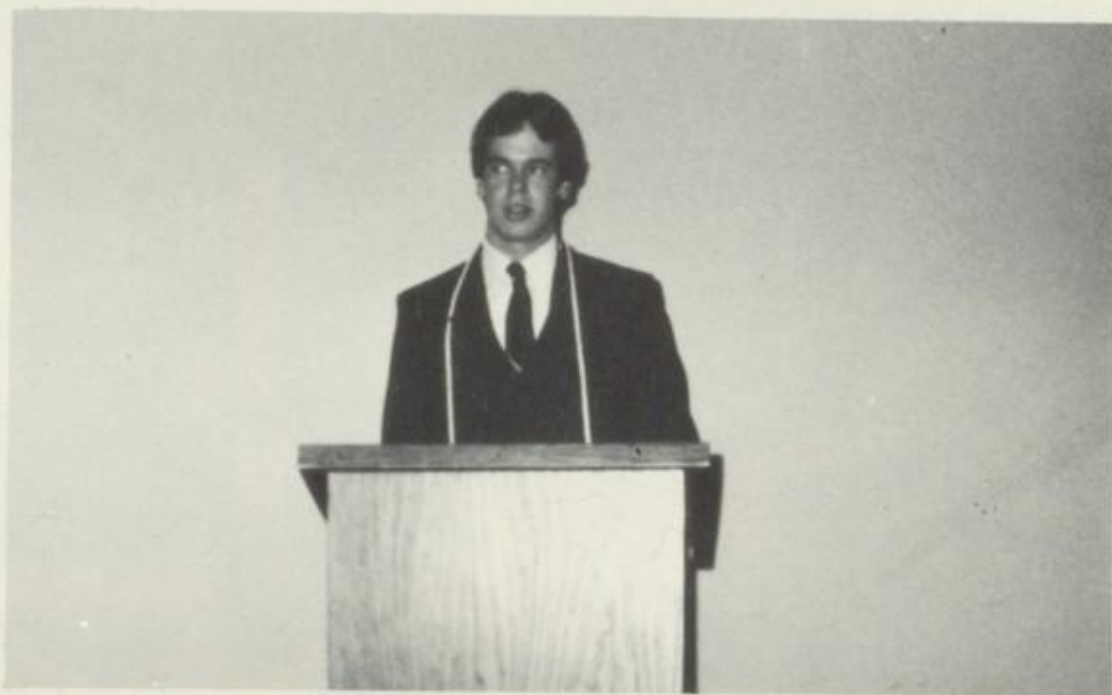

The last day of school was a real picnic! Mrs. Cool's section went to Staunton Grange to practice for graduation while the younger children had sack races and played games. Then we all tried to break the pinatas made for us by the art classes. Thanks to the people in charge, we had a delicious meal - straw hats and ice cream bars. Janet Filbrun surprised us with a graduation cake.

GRADUATING

CLASS OF

1983!

Receiving Congratulations

On the evening of Friday, May 13, 1983 at 7:00pm -Staunton Grange, Troy - three students graduated, ending their years at Pathway School. Yet with only a pause, their schooling continues on life's pathway, for commencement is only a beginning. Pathway has been a memorable trail in their lives. Memories are piled high. Pathway is a part of them even though only a fraction of their life's journey was here.

## FOOTPRINTS

**O**ne night a man had a dream. He dreamed he was walking along the beach with the LORD. Across the sky flashed scenes from his life. For each scene, he noticed two sets of footprints in the sand; one belonging to him, and the other to the LORD.

**W**hen the last scene of his life flashed before him, he looked back at the footprints in the sand. He noticed that many times along the path of his life there was only one set of footprints. He also noticed that it happened at the very lowest and saddest times in his life.

**T**his really bothered him and he questioned the LORD about it. "LORD, you said that once I decided to follow you, you'd walk with me all the way. But I have noticed that during the most troublesome times in my life, there is only one set of footprints. I don't understand why when I needed you most you would leave me."

**T**he LORD replied, "My precious, precious child, I love you and I would never leave you. During your times of trial and suffering, when you see only one set of footprints, it was then that I carried you."
